

**SCHOOL BOARD BYLAWS****Board Evaluation**

The School Board desiring to maximize its performance, shall ensure that an evaluation of its operation and performance is conducted annually. This evaluation should include, but not be limited to, communication practices and effectiveness, cohesiveness, public relations, budget, curricula, and policy formulation practices. Active participation by the School Board members in the evaluation process is expected. In lieu of evaluating itself, the Board may elect every fifth year or earlier of the evaluation process to retain the services of an independent consultant to evaluate board operations.
